

A Sweethearts Wedding...

A truly romantic venue in a peaceful garden amidst fields of berries at Harrow's Berryfields.

Planning your special day...

RESTAURANT FACILITIES

The facilities at Sweethearts can be configured to accommodate sixty-five guests, tailored to your specific requirements. To secure exclusive use of Sweethearts a venue hire fee will be applicable, dependent on the time of year, seasonality and the number of guests. Our wedding consultant can discuss these options with you.

CEREMONY

Our romantic cottage gardens are the perfect location for an intimate ceremony. Our most popular site for ceremonies is on the lawn under the spreading chestnut trees. Alternatively our Edwardian style conservatory provides for ceremonies in all weather conditions. Ceremony charges are dependent on seasonality and the time period. Our wedding consultant can organise a celebrant if required.

FLOWERS

To make your wedding day even more memorable we have a range of flower options for your wedding reception. Additionally our wedding consultant can discuss options for bridal bouquets and posies.

TABLE THEMES

To create a unique themed wedding we are able to decorate tables to reflect your individual style.

CAKES

The Sweethearts kitchen can create a variety of unique wedding cakes. From a traditional French Croquembouche to our famous heart shaped dark chocolate and berry mud cake with chocolate-dipped strawberries, our wedding consultant can discuss a cake to suit your budget and requirements.

PHOTOGRAPHY

Our fields of berries, rose arches, cottage garden and indoor area create a delightful background for wedding photography. Our wedding consultant can organise a very competitively priced professional photographer if required.

SWEETHEARTS SERVICE

Your wedding day should be filled with romance, relaxation and special memories. Our waiting team, kitchen team and wedding consultant pride themselves on friendly and professional service and will do everything possible to ensure your day runs smoothly.
